### **Middle School Math Moments (and more!): Math Packets vs ...**

Math interactive notebooks are a great hands-on tool to engage students in the content and process. It has been noted by researchers that interactive notebooks allow students to systematically organize information. Typically the right side of the notebook is teacher guided note taking, often in the form of a graphic organizer, foldable, or cut and paste.

### **Bing: Middle School Math Interactive Notebooks**

I used to have students keep a notebook with notes, examples, etc. However, a few years ago, our district did not have math books. At that time, most (if not all) of the other 6th grade math teachers were using math packets that had the notes/examples more formatted for the students.

## **Mrs. Welch Knows: Digital Interactive Notebooks in Math**

Interactive Math Notebook-Another great way to use interactive notebooks is through math notebooks. Doodle notes are incredibly helpful for math concepts that may not be visual oriented enough for middle school students. Teachers can give students doodle notes on one side and have them do their homework on another side.

## **Middle School Math Madness!**

1. You would have done an interactive notebook in class anyway. Interactive Notebooks are wonderful for teaching students how to utilize classroom content in a systematic and useful way. Digital interactive notebooks are even better because they are under the control of the teacher. No loose papers. NO GLUE STICKS! If you love interactive ...
